Type	Description	Owner	Deadline
T	Study about vectorization and decide an aproach. And also look for approches to rank news articles.	The Whole team	06-02-2022
D	Our approach on scraping news articles was to do article specific scraping as different articles were having different meta-data.	-	-
I	Need to update the old articles only if we have new one to replace it. And Some generic articles should be filtered that can be thrown to everyone. Do no need to show same news from multiple articles.	-	-
